that we sometimes os of the phrase. The writers for the press are sometimes the objects of unjust disparage-ment. Few people realize how much harder it is now, with knowledge spabundant, and learnany writer to gain literary tame tank it was in former times. Lockhart tells a charming story of the conversation between Scott and Moore, while walking through the plantations of Abbourford about the sommonness of the poetic talent in their day. "Hardly a magazine would have made a reputation." Scott turned with his look of shrawd humor and skid, "Ah, we were in the luck of it to have come before these follows.' But he added, "We have them lies Boabdil, to beat us with our saying that is some newspaper in this country there are published every day of the year recognition. But still the press, as a whole as an organ of intelligence and opinion, is in-

ng in importance and value every day

which anomal purity it framelables the people. It is many poor fields of when, but this result is as an organ of intelligence rather than of permost seriously and despits, popular rights and Hoerines are in danger, if not stready lost proaching campaign in that state. It is agreed and it is an omen of great good for the future by Theodore Lyman, who was elected as an in-
